1/19/71

Dear Dr. Rhoads,

Thanks you for your letter of 1/15/71, which arrived today.

This does not say whether or not the entire 1970 review is completed or whether the lists you were kind enough to send contain all the CDs and parts of CDs declassified in the review.

The lists refer to "numbered" documents only. Were any other files reviewed and if so, were any items declassified?

Sincerely,

Harold Weisberg
